In this article the sentence "P, exchangeable cation (K^+ and Ca^{2+}) and trace element (Fe, Al, Pb, Cu, Mn, Cr and Zn) levels were determined using the X-ray fluorescence spectrometry (XRF) method." should have read "Total concentrations of P, K, Ca, Fe, Al, Pb, Cu, Mn, Cr and Zn were determined using X-ray fluorescence spectrometry (XRF)."

In the article occurrences of "K^+" and "Ca^{2+}" should have read "K" and "Ca".

The original article has been corrected.
